Worlds Only Regular Gay Skydiving Event Scheduled –Rainbow Boogie 2012!

December 3rd, 2011 – The World’s only regular gay skydiving event is scheduled for Labor Day Weekend in the U.S., Friday, August 31st to Monday September 3rd, 2012. The event will be held at Skydive Chicago in Ottawa, IL, U.S.A.

All are welcome and encouraged to visit! Skydivers and Non-Skydivers, LGBT and Straight alike, all are welcome. The Rainbow Boogie is a “100% Hetero Friendly” event! Special arrangements are available for you to come out and experience your first skydive too! Members will be participating in multiple disciplines of skydiving with organizers working with Formation Skydiving, Vertical Formation Skydiving, Wingsuiting and Big Ways, along with many other fun activities.

The Rainbow Skydivers are an international group with LGBT and Hetero members from many countries. We seek to promote skydiving as a sport that is welcoming to all. Whether you've made hundreds of skydives, just did your first tandem skydive, or are interested in learning more about skydiving, feel free to join us! Anyone who is a member or supporter of the LGBT community who is into or interested in skydiving, is welcome. The Facebook group has grown to over 300 members already.

Skydive Chicago is at the center of the Midwestern skydiving “Universe.” With incredible facilities sitting atop over 230 acres, it truly is a skydiving resort. Camping, Swimming, and unbelievable skydiving facilities await the boogie. A large hangar with over 15,000 square feet provide shade and packing area, and this is adjoined by 22,500 square feet of classrooms, common areas with satellite feed, recreation centers with pool tables and video games, a pro shop, video department and deli that serves food and alcoholic beverages. At night, enjoy movies or a club-type party in our two level auditorium theatre, featuring a 30,000-watt sound and projection system.

Spectators are welcome and encouraged to come out and view this exciting sport. Designated viewing areas are available that allow full view of operations at Skydive Chicago and don't forget your cameras. Media should contact Skydive Chicago for access to the facilities and photo advice.

Rainbow Skydivers are found on Facebook, Twitter, and at <http://www.rainbowskydive.com>
